This form can be used to determine what your estimated costs will be for your program abroad once you have been offered aid for the upcoming year. Returning students are notified of upcoming year aid offers towards the end of June each year.

Brown will continue to charge you the Brown Home School Tuition and the Student Resources Fee. You should use your study abroad program's estimated expenses (excluding tuition), to help you complete this form.

Rent or Room Charge	\$
Food/Meals	\$

Your financial aid will be posted against your Brown charges. It is your responsibility to pay any balances due to Brown and/or your abroad program. If you anticipate a credit balance, you will need to complete a Refund Request Form online with the Bursar's Office to receive the refund. Please note that refunds for your semester abroad cannot be processed until your classes abroad have begun.

If there is any concern about covering upfront expenses, such as airfare, visa, and/or deposit for your semester(s) abroad, or if the cost of your program will be higher than the semester(s) at Brown and you would like to borrow loans you should contact the Office of Financial Aid as soon as possible. We recommend speaking with a Financial Aid Counselor prior to the end of the previous term to discuss all available loan options. You may submit this form with documentation verifying your figures. Please contact the Office of Financial Aid to determine if this is required.
